Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The rejection of claims 1-7 under 35 U.S.C. 112 first paragraph have been overcome by the Amendment filed on March 19, 2004. Applicants included the specific intermediate formed in the claim.

This invention relates to a process for the preparation of tricarbonitrile. The process comprises the reaction of an aliphatic α - ω -dinitrile with a base to form a 2-amino-1-cycloalkene-1-carbonitrile intermediate, which is further reacted with acrylonitrile to form the desired tricarbonitrile. The closest prior art of record is JP 62270550. The process described in the prior art differ from the process described in this application in that the tricarbonitrile is produced as a bi-product during electrochemical production of adiponitrile. The prior art failed to teach or suggest the process as described in this application.

Any comments considered necessary by applicant must be submitted no later than the payment issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement for Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kamal Saeed whose telephone number is (571) 272 0705. The examiner can normally be reached on Monday-Friday from 8:00 AM – 5:00 PM.
